

**The Zimbabwe Network cordially invites you to the Annual General Meeting  
and interaction/seminar  
from Friday, 15<sup>th</sup> till Sunday, 17<sup>th</sup> November 2019  
in Bonn-Bad Godesberg**

**Topic: Developments in Zimbabwe and in the Zimbabwe Network**

After saying goodbye to our long-time managing director in November 2018, the Zimbabwe Network went through some reformatations. This also means that the annual general meeting will be organized slightly differently this year.

We have faith in our own resources and will hold a small seminar on Saturday. For this we were able to engage some Zimbabweans living in Germany.

In a second part we will reflect on the developments in the Zimbabwe Network in 2019. What initiatives were and are there, and what has been achieved? And: Mugabe is dead - members who were in Zimbabwe in September will report on the atmosphere in the country.

Culture will also not be neglected this year – to this end Saturday evening will hold some surprises. We are looking forward to welcoming many of you from Friday, November 15<sup>th</sup>, at 6pm in Bonn.

*The Seminar is supported through generous donations from members and friends of the Zimbabwe Network.*
